

Our Greatest Inspiration Comes From the Smallest Patients.

Nothing inspires admiration like the courage of children facing cancer. Baptist Health South Florida believes that every child deserves a healthy future. That's why we support kids and families dealing with cancer in every way we can. Our doctors and nurses treat each patient (no matter how small) as a person with unique needs. Baptist Health Foundation provides financial, emotional and spiritual support so children and families can focus on healing. The new Miami Cancer Institute, opening in 2016, will give patients access to groundbreaking treatments and advanced clinical trials.

Baptist Health is pleased to support the Live Like Bella Foundation.
